In my personal, objective, and unbiased opinion, you are graduating from one of the most exciting, global, and innovative MBA programs in Asia and the world that offers a truly transformational education experience! You should all take a moment to pat yourselves on the back for completing this incredible learning journey which included Launch Your Transformation at the beginning and the MBA Consulting Project for most of you, and many benefited from our extensive exchange program, case competitions around the world, and importantly, your engagement in the MBA Club Ecosystem, and much more. Your motivation, determination, and commitment to the program and learning in and out of the classroom are truly admirable. I greatly appreciate that many of you have applied the mastery of the lessons from your MBA and stepped up into roles which require you to put your leadership, organizational, and analytical skills to the test.

Now that you join our distinguished group of alumni, we encourage you to reach out to our alumni from the other intakes and programs, and that you will nurture this community. Do stay in touch and do remain a strong member of our vibrant community, especially also via the MBA Club Ecosystem – we always love to see you!

Now, go out there and do something terrific with all the knowledge that you've acquired. The world is your oyster, do make a difference!

Wishing you all the very best!

My heartiest congratulations to the NUS MBA class of 2025. You have carried the torch forward for organizing student activities, and the number of activities and the students participating in these activities is truly remarkable.

Your participation and success in several international competitions show that in addition to being knowledgeable, entrepreneurial, and competitive, you care about important issues such as sustainability.

I echo the perspectives of all of us at the MBA office when I say that you have made us proud through your various accomplishments. We wish you the best as you forge ahead in your professional careers.

D R

Jo Seung-Gyu

Deputy Academic Director
MBA Program
NUS Business School

Congratulations on reaching this incredible milestone!

I still remember meeting you all—nervous, hopeful, and ambitious—on that very first day. As I launched into economics and watched the puzzled expressions set in, I knew we had quite the journey ahead. And what a transformation it's been: from wide-eyed students to seasoned and confident professionals, ready to take on what's next

An MBA is more than just a degree—it's a turning point. I hope your time at NUS has been one of deep growth, meaningful reflection, and personal redefinition. Beyond the frameworks and case studies, you've learned to lead, to collaborate under pressure (especially when group projects tested your patience), and to find humor even in the most confusing pricing and game theory models.

You've faced challenges—late night study sessions, demanding exams, and tight deadlines—but you rose to each one. Whether you mastered the material or mastered the art of pretending as if you did, the result is the same: you made it through with resilience, creativity, and grit.

As you step into the next chapter, remember that life won't hand you a syllabus—but you've already shown that you can thrive in uncertainty, navigate complexity, and grow through challenge. That's what will set you apart.

You are now part of a global NUS MBA community that is making a difference around the world. I can't wait to see where your path leads and the impact you will make.

Congratulations again. Go out there and show the world what you're made of!

Nicole Tee

Director, MBA Programs
NUS Business School

Dear MBA Class of 2025,

Congratulations on completing this chapter of your journey. Earning your MBA is a tremendous achievement in any year. But doing so against the backdrop of global uncertainty, a tough job market, and rapidly shifting industries makes it all the more remarkable.

You have persevered through ambiguity, complexity, and pressure, balancing group work, deadlines, careers, and life outside the classroom. And in doing so, you have become more than just graduates. You have become thoughtful leaders, sharp problem-solvers, and trusted teammates.

The world you are stepping into isn't simple. The job market is challenging, industries are being reshaped, and certainty can be hard to come by. But you have been equipped not just with tools and frameworks, but with the mindset to adapt, to lead through change, and to find purpose even in uncertainty.

Remember, you are not alone on this journey. You are, and always will be, part of the NUS MBA community. Come back and visit us, drop me a message, and share your stories. Whether they are about unexpected wins, difficult choices, or lessons learned along the way. And if you ever need a sounding board, guidance, or just someone to talk to, we are here.

I can't wait to see where you go and what you'll build.
